Resources for Completing Fall Membership

Instructions for completing Fall Membership

Fall Membership is determined by counting all Virginia public school students enrolled on September 30th of the current school year. The Funded Fall Membership is calculated based on school-age students in kindergarten through grade 12.

Every student who depends on a public school division in Virginia for a free, appropriate, public education must have a record on the Fall Student Record Collection. This includes all full-time and part-time students served in the division's schools as well as those the division has helped place in other public and private schools/centers regardless of how the placements are funded.

There should be one record per student per school per on the Fall Student Record Collection EXCEPT when Grade Level Code, Kindergarten Half-Day Flag, GED Program Code, Tuition Paid Code, or Non-public student FTE changes while still attending the same school. In these cases, a student may have more than one record per school per record collection. If a student has more than one record, only one record can be Active.

Law, Policy and Regulations

For your reference, sections from the appropriation act, Code of Virginia, and Board of Education regulations that pertain to the reporting of students for funding are available at the following Website:

http://www.doe.virginia.gov/VDOE/Publications/student-coll/new_coll.html

Student Record Collection Codes, Scenarios, and Specifications

Explanations of the various tuition codes, disability codes, and other codes referenced in this document are available at the following Website:

How to use this guide

Please read all sections of these instructions prior to calculating your Funded Fall Membership to ensure that your division's membership is reported accurately. Appropriate supporting documentation must be maintained for each line of this report, in the event that a subsequent audit of Fall Membership data is necessary.

There is one section in this guide for each Funded Fall Membership calculation. For each calculation, a text reference is provided followed by the "formula" used to generate the addition or deduction. All formulas are defined in terms of the Student Record Collection. This should enable the division to verify the accuracy of the calculations on the verification report.

Fall Membership

Fall Membership

The beginning Fall Membership includes all students enrolled on September 30th from kindergarten through post-graduate studies

except:

- disabled pupils ages 20 and 21
- pupils in alternative education programs
- non-public school pupils
- pupils in ISAEP
- pupils in home-based education
- private special education (does not include students funded by the Comprehensive Services Act)
- students funded with Comprehensive Services Act funds
- contiguous out-of-state students with the same attendance privileges
- inter-state compact placement
- contiguous out-of-state students without the same attendance privileges

In short, beginning Fall Membership is all students in kindergarten through Post-Graduate programs reported by your division MINUS the Funded Fall Membership additions.

Funded Fall Membership is displayed in the above manner in the verification report to provide divisions with detailed information from the data processed through the Student Record Collection.

Fall Membership

Notes: All dates reference the current school year.

School-age students are those who are:

- Less than 20 years old as of August 1st for regular education students
- Less than 22 years old as of September 30th for special education students
- Less than 22 years old as of August 1st for students receiving Limited English Proficient services

Kindergarten Students

Generally, only those children who reach their fifth birthday on or before September 30, may be included in the funded fall membership total. However, any student whose fifth birthday occurred between October 1, and December 31, may be enrolled in Kindergarten after an appropriate readiness evaluation has demonstrated that attendance in these programs would educationally benefit these children (§22.1-199 C., Code of Virginia). Any school that offers a two-tiered, junior, or other developmentally appropriate pre-kindergarten program or transitional first grade program, is required to conduct an appropriate readiness evaluation for students whose fifth birthday occurred between October 1, and December 31, for them to be enrolled in the regular Kindergarten program and then be counted in funded fall membership.

Such students are not required to first be enrolled in a two-tiered, junior, or other developmentally appropriate pre-kindergarten program or transitional first grade program before they are tested. Any student may be tested and go straight to the regular Kindergarten program as long as the school offers a two-tiered, junior, or other developmentally appropriate pre-kindergarten program or transitional first grade program. Such students may be included in Funded Fall Membership upon enrollment in the regular Kindergarten program.

Dual Enrollment Students

A school division may include students who participate in a dual high school/college enrollment program in its Funded Fall Membership (reference Informational Supts. Memo No. 58, dated March 8, 1989). However, no membership credit is permitted if the student is not counted on any school division's teacher register (i.e., if the student is a full-time college student but not yet a high school graduate).

Reporting Partial Full-Time Equivalent (FTE) Students

In certain cases, only partial full-time equivalent (FTE) students are to be included in Funded Fall Membership. Specifically, membership credit is only counted for the portion of the year in which a student was included on the rolls.

Non-public School Pupils

Pursuant to §22.1-253.13:1 H., Code of Virginia, pupils who are either enrolled in a Non-public school or who receive home instruction **and** who attend classes in the public schools on a part-time basis may be included in membership on a prorated basis. The current appropriation act allows any student who is enrolled in any mathematics, science, English, history, social science, vocational education, health education or physical education, fine arts or foreign language course to be counted in membership. Each course taken by such a student will be counted as 0.25 of a student, up to a cap of 0.5 of a student for March 31 ADM reporting (pursuant to Item 146 A. 1. d. of Chapter 4, 2004 Acts of Assembly).

Pupils under age 5

A count of pupils who were under the age of 5 as of September 30, 2005, including both non-disabled and disabled pupils, who are not enrolled in the regular Kindergarten program during the school year pursuant to §22.1-199 C., Code of Virginia (such as those enrolled in preschool, Headstart, and similar programs). However, pupils whose fifth birthday is between October 1, 2005, and December 31, 2005, who are enrolled in the regular Kindergarten program after completing an appropriate readiness evaluation as provided in §22.1-199 C., Code of Virginia are not deducted from membership.

The Entry Date for these students must be their first day of regular kindergarten AFTER completing an appropriate readiness evaluation.

Students who have not turned five years old by September 30, 2005, have NOT completed an appropriate readiness evaluation as provided in §22.1-199 C., Code of Virginia and are enrolled in a regular kindergarten program should have an Active Status Code of A (or I), a Kindergarten Readiness Flag of N and show the correct number of days present and absent on the Spring Student Record Collection.

Pupils for whom tuition to a Private Special Education or approved Public Program was funded with Comprehensive Services Act (CSA) funds

A count of pupils enrolled in private nonsectarian residential or private nonsectarian day schools or approved public program for whom the state share of tuition was funded by Comprehensive Services Act funds.

If the state share of tuition to a private special education school is paid with Comprehensive Services Act funds, the CSA tuition code (7) is required. Do not use the paid tuition to a private institution code (3) for students placed in a private institution by CSA. Tuition code (3) should only be used for students whose tuition to a private special education program is paid with local funds only. Note: If you are serving a special education student who has an instructional aide funded by CSA, do not use tuition code (7). Since you are serving the student, no tuition code is required for such students.
